

THE AUTOCHARGE:EV RANGE OVERVIEW

ROLEC EV

MANUFACTURED IN THE UK

With over 40 unit variations available, the AUTOCHARGE:EV pedestal range offers robust, heavy-duty, hard-wearing EV charging pedestals specifically designed and manufactured to offer a variety of free-to-use or pay-to-use charging solutions for both commercial and public facing locations.

These versatile future-proof pedestals can be initially provided in a low cost free-to-charge format, which is easily upgradeable to accommodate a number of pay-to-charge (PAYG) systems in the future.

AUTOCHARGE:EV is designed to be compatible with all current PHEVs and EVs, providing Mode 3 fast charging in both 3.6kW and 7.2kW, as well as superfast 11kW and 22kW, speeds.
